Becoming an adult

- building the best future for young people with additional needs

The Transition Event is a great opportunity for young people with additional needs, their families, friends and carers to explore the many aspects of the move into adulthood.

This **free, one-day exhibition** brings together products, services and experts on a whole host of issues including education, support, mobility and employment.

There's a line-up of workshops to attend, including apprenticeship opportunities and benefits.

Open to young people, schools, parents and carers as well as professionals. Groups from schools are welcome. Please register your interest on 01223 207 770 or email info@progressmagazine.co.uk.
